SPAIN

TITLE OF THE CERTIFICATE (original language: ES)

ADVANCED EXPERT IN AVIONICS MAINTENANCE

TRANSLATED TITLE OF THE CERTIFICATE (language)

PROFILE OF SKILLS AND COMPETENCES

General competence

Perform the preventive and corrective maintenance of fixed-wing and rotary-wing aircraft and their systems, equipment, and parts in the area of avionics (electrical, navigation, communications, automatic flight, computer and signalling systems), including hangar, line and yard work, participating in the management thereof, in accordance to the applicable regulations and in the appropriate quality and safety conditions.

This Expert will in any case act under the general supervision of: engineers or technical engineers.

Competence units

1. Maintaining the electrical and instrumentation systems of the aircraft, as well as the electrical and electronic sub-assemblies of which they are comprised or which form part of other systems and the services in the aircraft mechanics area in the maintenance line.
2. Maintaining the facilities, subassemblies, components and elements of the communications and navigation systems of aircraft, as well as the onland assistance systems and the automatic flight systems.
3. Maintaining the computerization systems of aircraft and the sub-assemblies, components and elements of which they are comprised.
4. Participate in the management of maintenance, assisting in and/or controlling parts of the logistics, in some cases deciding on the airworthiness condition of the aircraft.

RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

Occupations or jobs:

Inspector of non-destructive trials. Hangar / line manager. Line avionics mechanic. Hangar avionics mechanic. Yard avionics mechanic.

(*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.

The body awarding this Certificate Supplement may leave blank any box considered not to be applicable.
