

1. TITLE OF THE CERTIFICATE (ES)

Certificado de Profesionalidad de nivel 2 en
EOCE0211 ENCOFRADOS

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Professional Certificate Level 2 in
EOCE0211 FORMWORKS
(This translation has no legal status)

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to organise and execute the application of different systems of formwork, such as pre-mounting non-modular panels, mounting vertical and horizontal formwork on site, pre-mounting and location on site of climbing formwork, as well as the application of concrete on site, following the guidelines specified in the technical documentation and the indications of a superior or foreman, while complying with regulations established on health and safety and quality, and collaborating on risk control in the holder's professional area. This general competence is divided into the following **skills units** (UC):

- Apply concrete on-site (UC0278_1).
- Assemble vertical formwork on-site (UC1912_2).
- Assemble horizontal formwork on-site (UC1913_2).
- Pre-assemble non-modular formwork panels (UC1914_2).
- Pre-assemble and mount climbing formwork on-site (UC1915_2).
- Organise on-site installation of formwork and concrete (UC1916_2).
- Control risks in construction at a basic level (UC1360_2).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- On-site use of concrete (MF0278_1).
- On-site use of vertical formwork (MF1912_2).
- On-site use of horizontal formwork (MF1913_2).
- Pre-assembly of non-modular formwork panels (MF1914_2).
- Pre-assembly and on-site use of the climbing formwork (MF1915_2).
- Organisation of on-site work on formworks and concrete (MF1916_2).
- Basic occupational risk prevention in construction (MF1360_2).
- Practical training at the workplace in formworks (MP0482)

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Collaborate on the on-site use, compacting and curing of concrete, following the instructions of immediate superiors.
- Take part in on-site use of vertical formwork, following the instructions of the technical documentation and superiors.
- Take part in on-site use of horizontal formwork, following the instructions of the technical documentation and superiors.
- Take part in the pre-installation of non-modular formwork panels, following the instructions of the technical documentation and instructions of superiors.
- Collaborate on pre-assembly and on-site use of climbing formwork, following the instructions of the technical documentation and superiors.
- Apply installation techniques for auxiliary and collective protection resources normally used in assembling all kinds of formwork, collaborating with their installation and correcting any deficiencies found in those already installed, while complying with specific health and safety measures.
- Organise and measure the on-site formwork and concrete work, taking into account the capacity of the workers on the team, and coordinating with related trades.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in the construction sector, mainly in new residential and commercial building and civil works. The most pertinent occupations and positions are:

- Formworker.
- Building Formworker.
- Civil works formworkers.
- Climbing formworker.
- Form builder foreman.

The holder of this professional certificate has recognition of the basic level training in labour risk prevention, according to Annex IV of the Royal Decree 39/1997 of 17 of January approving the Labour Risks Prevention Act.

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the national/regional authority providing accreditation/recognition of the certificate

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.

Level of the certificate

The Professional Certificate Level 2 of the National Repertoire of Professional Certificates corresponds to level 3 of the International Standard Classification of Education (ISCED-P 2011).

The European Qualification Framework (EQF) level:

Grading scale/Pass requirements

The grading scale and pass level of the training modules are expressed on a scale of 0 to 10. The minimum score for a pass is 5 in every training module including a pass in the practical training at the workplace module.

The grading system is as follows:

- FAIL: 0 to 4.9
- PASS-SATISFACTORY: 5 to 6.9
- PASS-GOOD: 7 to 8.9
- PASS-EXCELLENT: 9 to 10

Access to next level of education/training

This Professional Certificate Level 2 gives access to Professional Certificate Level 3 within the same professional area and family.

For validation purposes, the educational authorities will recognise the professional module or modules of the VET diplomas corresponding to the skills units included in the training modules of this certificate.

Royal Decree 615/2013 of 2 August, establishing twelve professional certificates in the professional family Construction and Civil Work, which are included in the National Repertoire of Professional Certificates, and updating the professional certificate established as Appendix I of Royal Decree 1966/2008 of 28 November, and the professional certificates established as Appendices I, II and III of Royal Decree 1212/2009 of 17 July and as Appendices I, II and II of Royal Decree 644/2011 of 9 May. (Appendix X, Code: EOCE0211)

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

This certificate may be acquired by:

1. Training: Completion with a pass grade of the face-to-face or online training programme.
2. Recognition of the professional skills acquired through professional experience or non-formal training (prior learning): Completion of a process of skills evaluation and accreditation in all the skills units making up the professional certificate.
3. Dual training: Completion of a training and apprenticeship contract, which may range from 1 year (or 6 months, if stipulated as such in the collective agreement) to 3 years, during which effective working time is combined with time dedicated to training under the training programme for the professional certificate.

The training method (number 1 above) requires successful completion of the training modules and the practical training at the workplace:

Description of vocational training received	Percentage of total programme (%)	Duration (hours)
Training modules	87	530
Practical training at the workplace	13	80
Total duration of training leading to the certificate		610

Entry/access requirements:

- Compulsory Secondary Education Diploma (Lower secondary education); or
- Professional Certificate Level 1 in the same professional area.
- If neither of the above or higher certifications are held, a pass in the key skills tests.

Additional information: Professional certificates are instruments for official accreditation of the professional qualifications in the National Catalogue of Professional Qualifications for all economic activities, within the scope of the labour administration. The National Repertoire of Professional Certificates is divided into three qualification levels (Level 1, Level 2 and Level 3), and by sectors into 26 professional families and 102 professional areas.
